DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-16, 36-39 and 46-53 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The references of record do not teach the limitations "an insulating film which is formed of a single layer and covers said one surface of the semiconductor substrate, and which includes: (i) a plurality of holes extending through the insulating film, each of the holes corresponding to one of the connecting pads, and (ii) at least one recess extending partially through the insulating film such that a bottom surface of the recess is depressed with respect to an upper surface of the insulating film in a direction of thickness of the insulating film, each said recess including a first portion through which one of the holes extends and which surrounds a periphery of the one of the holes and a second portion which extends outwardly from the first portion" in a wiring structure of a device having a conductive interconnect directly contacting a pad and being encapsulated by a recessed insulating film on a semiconductor substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
